**RE: WET WELL INSPECTION - JULY 2, 2002, GRENADA MANUFACTURING, LLC, EPA  
ID No. MSD 007 037 278**

Dear Mr. Kumar:

As requested by Mr. Don Webster, the Wet Well (SWMU 12) was cleaned and inspected on July 2, 2002. The following items were noted.

1. Approximately two cubic yards of material removed from SWMU 12 is awaiting analysis and proper disposal.
2. The protective coating applied to SWMU 12 is intact and in place.
3. No corrosion, cracks or separation between the floor and wall was apparent.
4. The Wet Well is in good shape with no noticeable loss of integrity.

Electronic copies of the attached photos of SWMU 12 have been distributed to Mr. Don Webster of your office. If you have any questions, please contact me at (662) 226-1161. Thank you.

Sincerely,

Don Williams  
EHS Coordinator
